

Timelessly beautiful,
innovatively effective.

Uniline Privasee® Blinds

The elegant simplicity of venetian

Uniline Venetian Blinds take the elegant simplicity and timeless sophistication of venetians into an exciting new dimension, with Privasee®. This unique innovation, applauded by the Australia Design Council, is an exclusive crimping process pressed into each blade in line with the control cords, that allows Uniline Privasee Venetians to completely exclude external light and provide absolute privacy.
