STRAIGHT  
DROP BLINDS

Fashionline is the brand of an Australian-wide association of blind makers who provide window furnishing solutions with the latest designs, colours and technology at affordable prices.

Your local Fashionline dealer brings to your home unique window furnishing concepts created by the combined resources of the largest independent blind manufacturing co-operative in Australia.

## STRAIGHT DROP BLINDS

Fashionline straight drop blinds are one of our most versatile styles of exterior shading. Straight drop blinds are perfect for enclosing pergolas, verandahs, outdoor living areas and restaurants for privacy, sun and heat protection.

A range of easy to use operation controls is available, including spring operated, rope and pulley, gearbox driven and motorised. These operation options along with a huge variety of installation options (including channels to reduce drafts, hold-down straps to keep the blind down and wire guides) allow the blinds to stylishly protect your home. The Fashionline range of fabrics includes canvas, acrylic, PVC and mesh options from the very best suppliers worldwide. The range of colours, textures and styles available ensures your blinds add to the elegance of your home.

### Energy benefits

A significant difference can be made by preventing heat from entering your home through the windows. This can mean substantial cuts to your energy costs and improving the comfort of your living areas. Outside blinds and awnings can reflect up to 70% of heat before it reaches the window and can be rolled up during the winter to allow winter sun to naturally warm your home.

Elegant Fashionline outside blinds are an excellent solution to reducing the total heat load to your home, resulting in more comfortable temperatures during the day and protecting your valuable carpet and furnishings from the fading effects of ultraviolet rays.
