

Naturally beautiful,  
superbly functional.

Uniline Timber Venetians

# The natural beauty of timber

## The proven reliability of Uniline

Uniline Timber Venetians bring the unique warmth and beauty of natural timber to your windows, superbly complementing almost any decor. Expertly crafted with a precision finish to the smartest profile available, Uniline Timber Venetians are also engineered to function faultlessly.

Uniline Timber Venetians are available in your choice of blade widths, in a wide range of attractive natural colours and finishes, and can be custom tailored to fit your window beautifully. And like all Uniline venetians, they're

specially anti-static treated to actually repel dust and go on looking as good as they do the day they're installed.

Uniline are a leading blinds and accessories

manufacturer, with over twenty-five years of design experience and award-winning innovation built into the quality of every product we make.

Our systems and components are manufactured by our own specialists to

exacting quality standards, and covered by comprehensive guarantees.

Natural timber product will vary in colour and shade.
